- NOTE:

 - For **Stationary Panels**, indicate WIDTH as "STAT-SINGLE or STAT-DOUBLE."
 - Total LENGTH specified includes hardware selected with 1/2" deduction for clearance.
 - Draperies are constructed with 3-inch hem or weighted hem. Please reference price list.
- Ripplefold carriers require a minimum clearance of 3.5" to 4" from the wall to ensure smooth panel movement.
 - Tracks wider than 96" (8 feet) will be spliced unless requested as one piece. Additional freight charges will apply.
 - Elite will supply the specified track or rod width, complete with finials.

Custom bending is available for **STANDARD** style tracks (1014, 1020 & 1021). When ordering, please specify the drapery treatment: Pinch Pleat or Ripplefold. All tracks are shipped pre-bent, spliced and are available in the following configurations with carriers.

- Bends are available in two radiuses:
- **1014 Standard** track is available in 5.20" (132 mm) radius.
 - **1020 Motorized/1021 Heavy Duty** track is available in 7.58" (192.5 mm) radius.

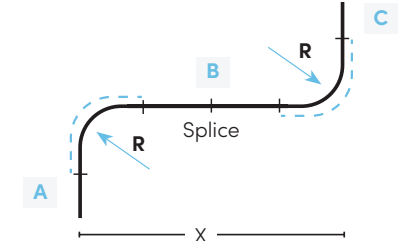

* Please indicate straight track measurement before & after bend(s).
